

PROJECT NAME: SUU Outdoor Center

RECIPIENT: Southern Utah University

LOCATION: Cedar City, Utah

PURPOSE: Funding would be dedicated to start-up costs and coordinate numerous education programs and activities related to the parks in such areas as arts, history, culture, field science, student internships, National Honor Society programs, junior ranger programs, teacher education, field stations and field trips, observatory and night sky programs, community and park connections and planning, natural history, national parks study and research, shared staff and fellowships, GIS projects, national park archives, and conservation activities. The SUU Outdoor Center would be a region-wide collaborative partnership involving private sector, state, and local government, higher education, public education, and conservation interests throughout southern Utah.

AMOUNT: \$300,000
